

REGISTRATION ENQUIRIES

From 27 February 2020 Chilcote Surgery will be capping our practice list and are therefore unable to take any new registrations.

Due to our increasing list size, we feel that continuing to take more patients would jeopardise our ability to provide safe care to those already registered at the practice.

Please see our website for more information

You can find details of other practices at www.nhs.uk or ask a member of staff for assistance

Thank you
